

Thumbjam

Velja hljóðfæri

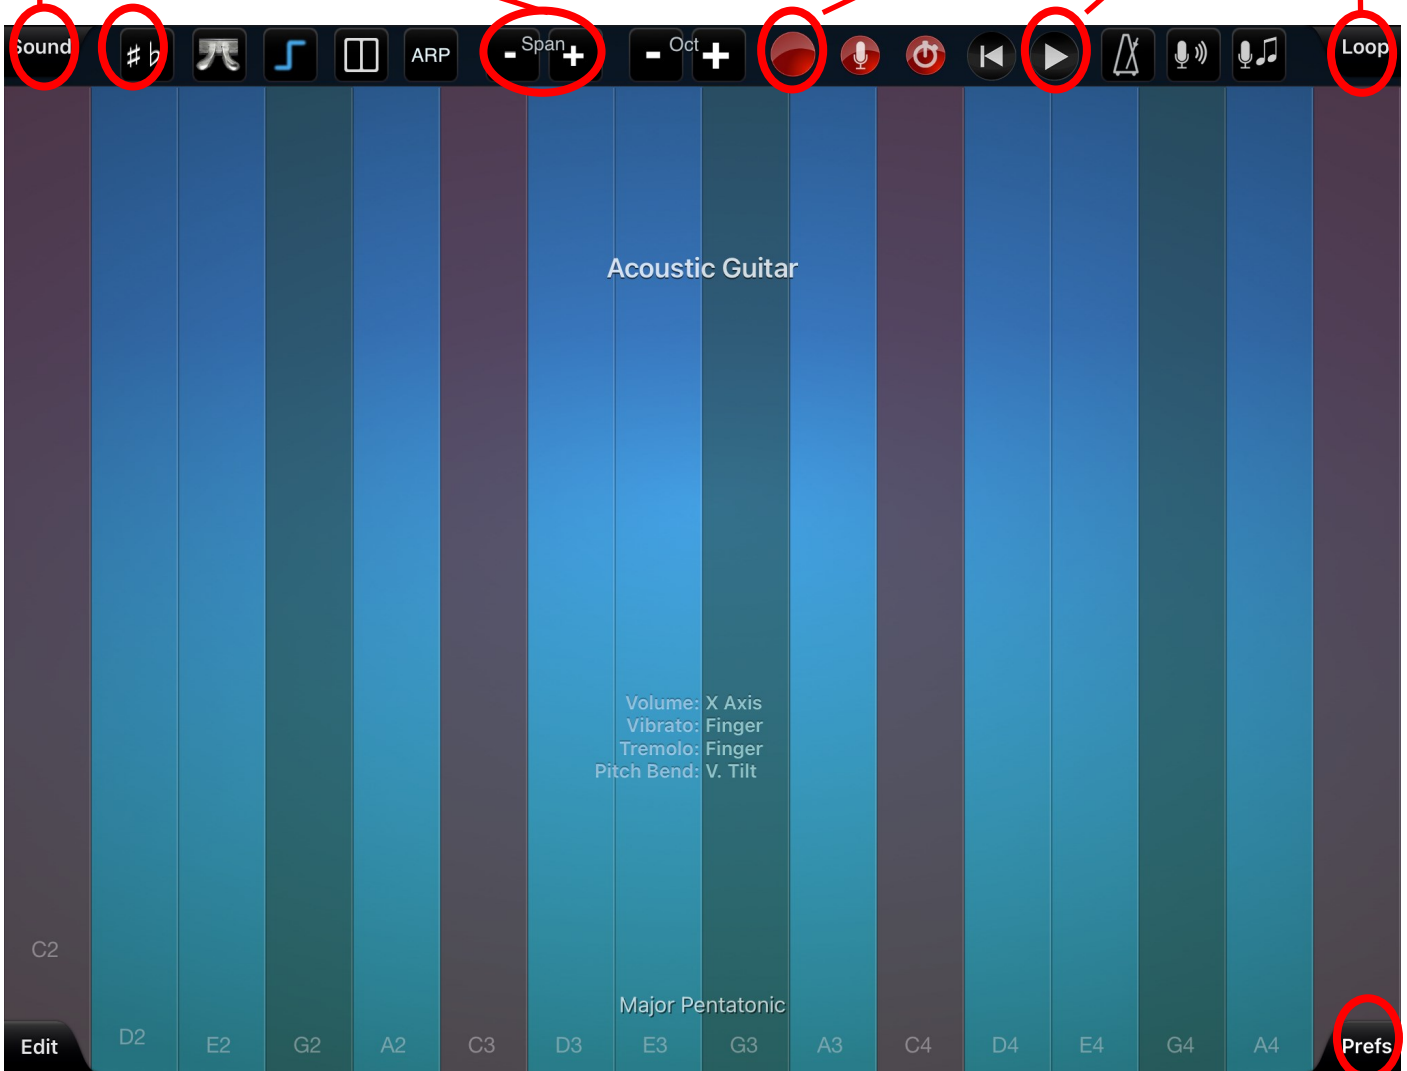

Breyta tóntegund

Fjölga/fækka tónum

Taka upp lúppu

Hlusta á upptöku

Breyta lúppum

The screenshot shows the Thumbjam app interface. At the top, there is a dark control bar with several icons. Red circles highlight the following icons: 'sound', a sharp sign (#), a treble clef, a square with a plus sign, 'Span' with minus and plus signs, a red circle, a microphone, a power button, a play button, and 'Loop'. Red lines connect these circles to callout boxes with Icelandic text: 'Velja hljóðfæri' (pointing to 'sound'), 'Breyta tóntegund' (pointing to the sharp sign), 'Fjölga/fækka tónum' (pointing to the square with plus sign), 'Taka upp lúppu' (pointing to the red circle), 'Hlusta á upptöku' (pointing to the microphone), and 'Breyta lúppum' (pointing to 'Loop'). Below the control bar is a fretboard for an acoustic guitar. The fretboard has 15 frets labeled C2, D2, E2, G2, A2, C3, D3, E3, G3, A3, C4, D4, E4, G4, A4. The text 'Acoustic Guitar' is centered on the fretboard. Below the fretboard, there is a list of controls: 'Volume: X Axis', 'Vibrato: Finger', 'Tremolo: Finger', and 'Pitch Bend: V. Tilt'. At the bottom left is an 'Edit' button, and at the bottom right is a 'Prefs' button, which is also circled in red. A red line connects this circle to a callout box with the text 'Ýmsar stillingar'.

Ýmsar stillingar
